

Travel Notice

Dear Member:

Thank you for using our Debit and/or Credit card services. Due to increased security measures to protect our members from fraudulent activity, we ask that you notify us in writing of any domestic or international travel at least 7 days prior to departure.

In order to allow your card usage to go uninterrupted, we will need a signed letter stating your dates and location(s) of travel. For security reasons, telephone notifications will not be honored and short notice travel notifications may take time to implement.

Debit card transactions during overseas travel, must be PIN-based in order to be validated.

We hold your account security as our highest priority.
